

Downing Roofing is a professional and dedicated roofing company. At Downing Roofing, we apply new generation techniques, use state-of-the-art tools and technology coupled with an old school attitude.

## New Generation Techniques

Downing Roofing is committed to honest quality workmanship that represents a time in the past when hard work, honesty and service meant something to people and went a long way. Our company takes customers back to the days where when you placed your name on something, it meant and represented honesty, solid, reliable and exceptional customer service, and more importantly, integrity.

## Quality Workmanship

*"I was very pleased with the work that Tyler Downing did on the roof of my cottage. My neighbour had his roof done by Tyler, he recommended him, and I was glad he did because I got a good job done too. And he cleaned up when the job was finished."*

## Exceptional Customer Service

## Our Roof Problem Prevention & Maintenance Package™

Your roof is exposed to the elements 365 days of the year, and taking your roof for granted can be the start of unnecessary problems. Our *Roof Problem Prevention & Maintenance Package* prevents problems and takes care of minor roof issues before they become major issues and expensive to fix.

We will provide you with a complete roof inspection and take care of necessary repairs. This package offers you peace of mind in knowing that your roof has been inspected and any deficiencies have been repaired by a professional who has your best interests in mind.
